## Hello everyone,

In this newsletter, discover **THE TREE OF THE RIGHTS OF THE CHILD** with its fruit and a lot of new elements for the **VILLAGE OF PEACE**.

TAPORI is a worldwide network of children whose motto is :

**"We want all children to have the same opportunities !"**

The name Tapori was chosen by Joseph Wresinski as a sign of solidarity with the poorest children. Joseph Wresinski, founder of the International Movement ATD Fourth World, grew up in poverty. While traveling in India, he met very poor children called Taporis living in train stations and caring for each other. He later wrote to other children : "You are like the Taporis when you look out for others. You can find ways to make the world a better place and get rid of poverty ".

Today, thousand of children between 7 and 13 years old, across many different countries and continents, are connected through the Tapori newsletter.

# Activity

In the Taporì letter, you saw many elements to build the **VILLAGE OF PEACE**,  
a village for everyone.

You could cut them out and add them to your own village.

Now, you could think about these questions :

**WHAT do you do in your own village ? Your neighborhood ? Try to explain it.**

.....  
.....  
.....

**WHAT would you like to do when you grow up ? Why job would you like to have and why ?**

.....  
.....  
.....

**In your opinion, who are the people who are important in a village or a neighborhood ? Why are they important ?**

.....  
.....  
.....

**Can you draw the people that you think are important and send your answers and drawing to :**
