Activity: Celebrations

The activity in this Newsletter is to create a poster to celebrate being together.

1. individually:
Think about which celebration in your neighbourhood or community your family participates in with others. Be careful, this is not an occasion celebrated at home with only your family!

How are you invited or told about this celebration?

Does everyone participate in this celebration? Do you know people who do not, and why?

How does your family prepare to celebrate this occasion? Do you dress up in special clothes? Do you prepare festive food? How do you join in the preparation of this celebration?

Share with your Tapori group everything you have been thinking about.

2. In group:
Imagine a celebration where absolutely everyone in the community is invited.

What would you like to celebrate? What would you celebrate about life, about being together?

Create a poster together to invite the whole neighbourhood.

Please send us the poster you have prepared in your Tapori group, to tapori@tapori.org
