

Activity : Entourage community

No. 437
March - april 2022

In this campaign Newsletter we are going to explore which places in your community or neighbourhood make you feel good, and which places don't.

TAPORI GROUP
BURUNDI

School is a place where we meet all the children of our neighborhood.

We like it when we are there, we go there every morning and afterwards we go to play soccer.

In which place do you feel the best, and why?

I like nature very much. In our neighborhood, there is a place called "Nzoka", where there are trees and hippos.

I often go there alone.

We go to the beach to rest and listen to music. There we meet other friends, play together and learn to sing.

TAPORI GROUP
LES SAUCISSONS SOLIDAIRES
ABIDJAN, IVORY COAST

Everyone was asked to talk about places in their daily lives, indicating with a red or green dot whether they feel good or bad there.

«At school, I don't always feel comfortable, because I'm afraid of making mistakes.»

« i like Taporí, because it's fun and important. We're together and it's good.»

«I don't really like the market, because you can get lost in it.»

« i like to walk in my garden, and play there with the neighbor.»

TAPORI GROUPS
CASE NOYALE AND RICHELIEU
MAURITIUS

CASE NOYALE

What place is missing in your neighborhood?

We are missing a kindergarten. It would be a place where all the kids could get together to play. Where parents could come and talk together. We would also have activities, because there are no activities in our neighborhood. There is no place for recreation. - Maya

In which place do you feel the best, and why?

I feel best in church. I pray that I can have intelligence. My friends at school sometimes make fun of me. I feel sad sometimes. At Taporí, no one makes fun of me. I like to draw too. I go to church with my mom. - Lea

RICHELIEU

In the Tapori group, we feel good because we have a lot of friends and we learn a lot of things.

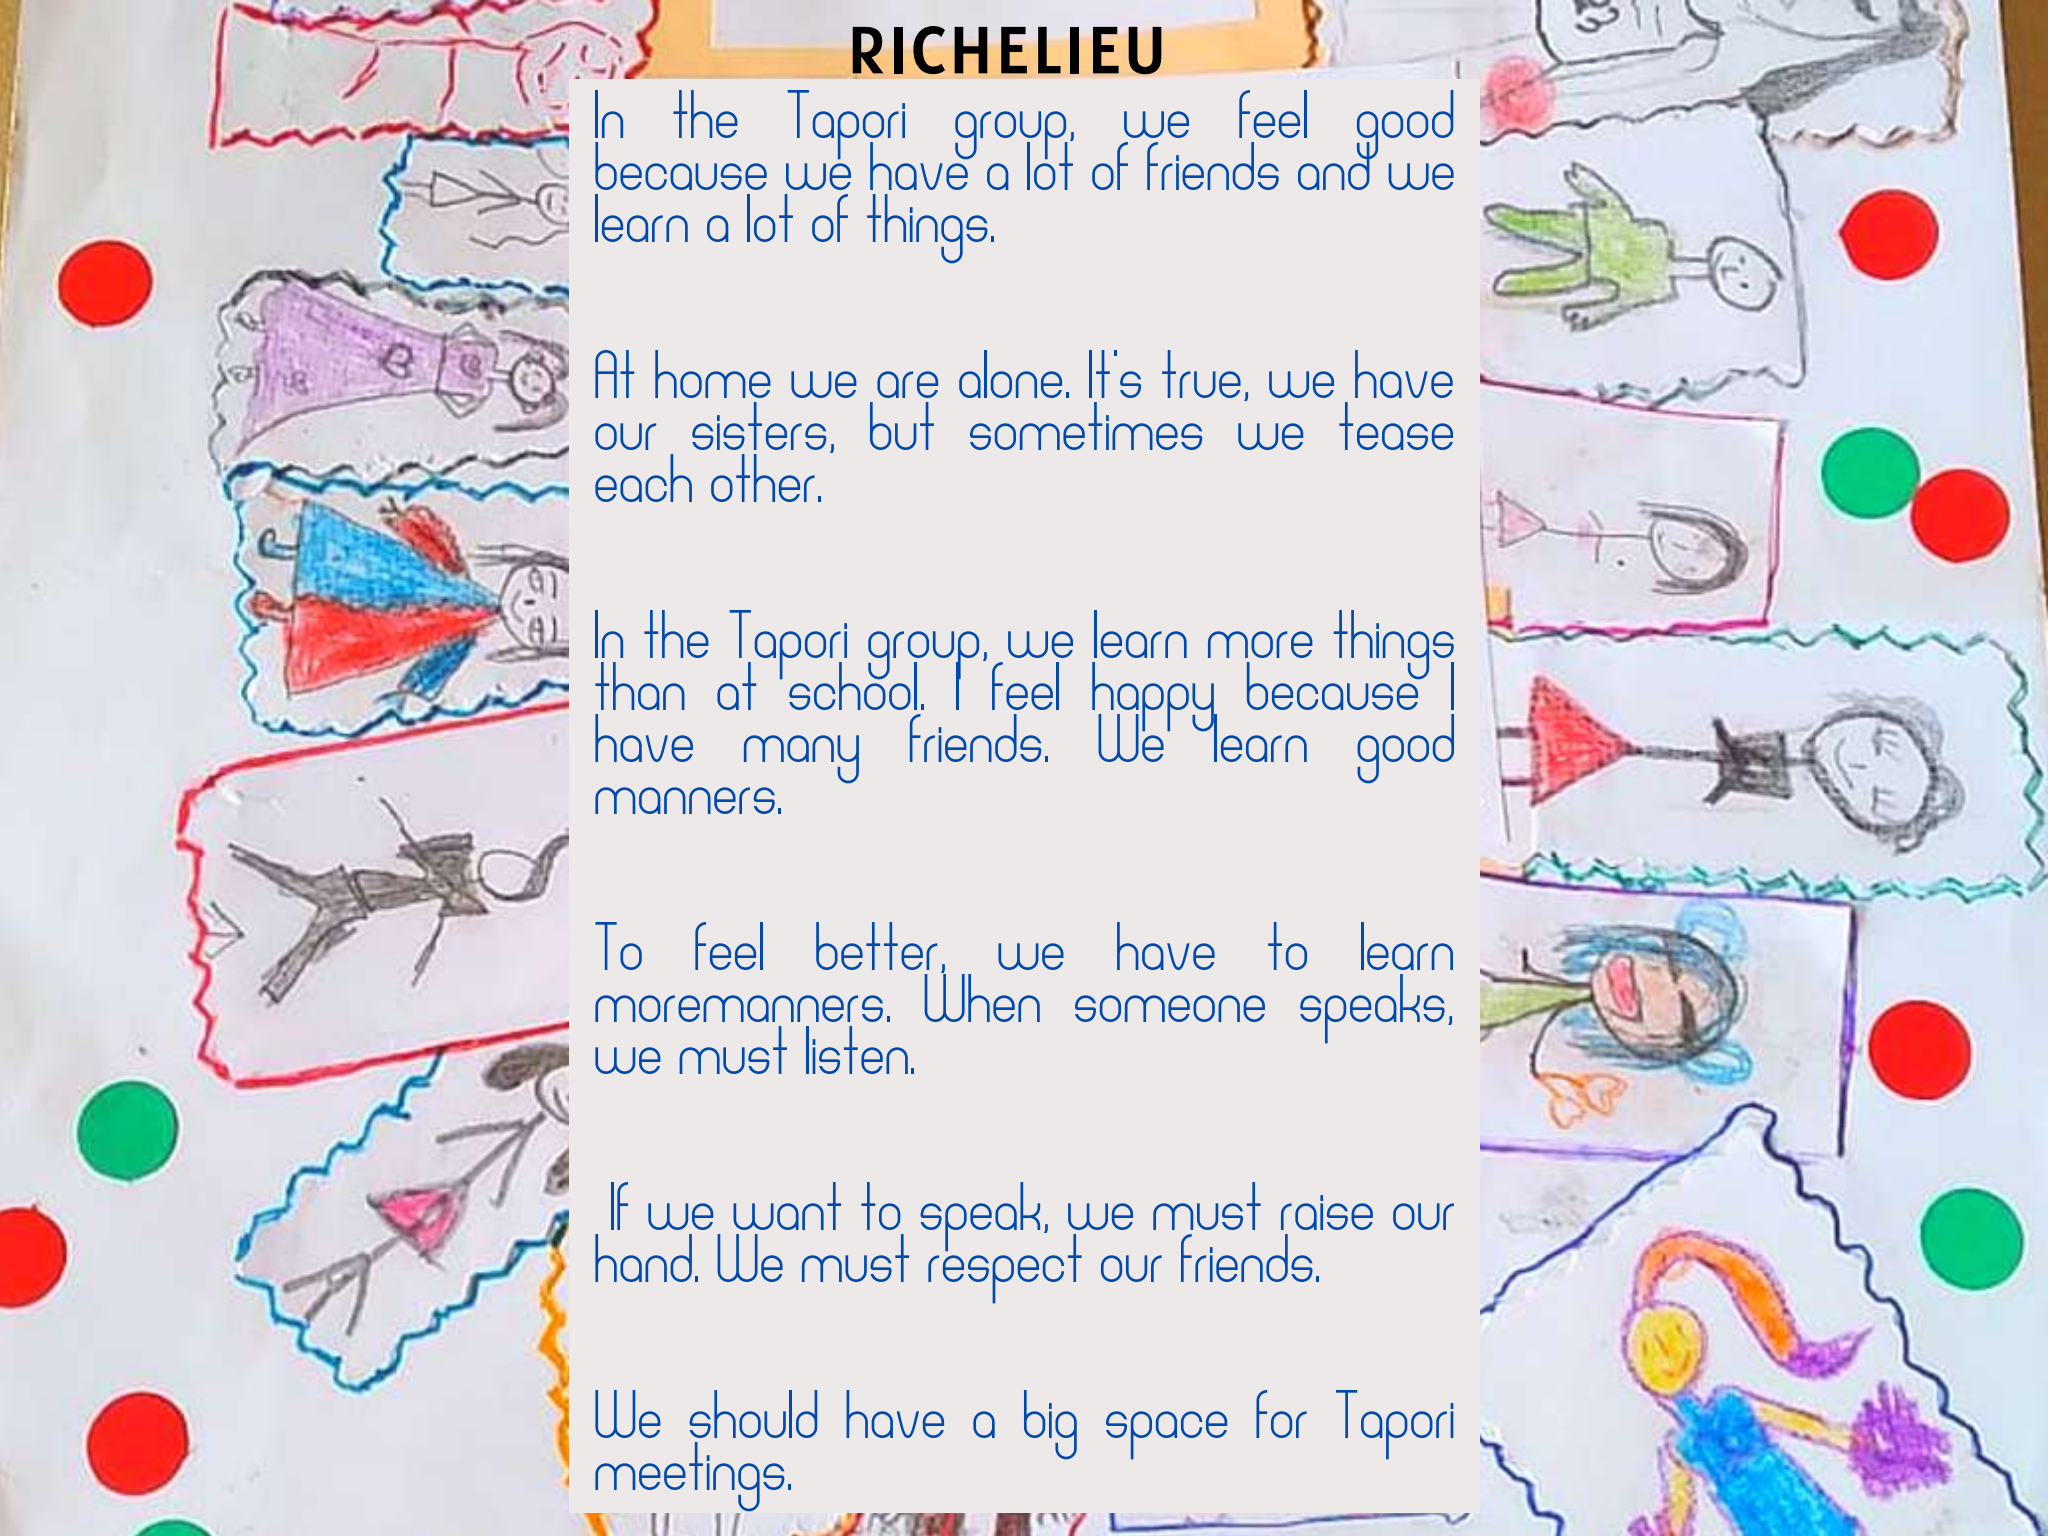

At home we are alone. It's true, we have our sisters, but sometimes we tease each other.

In the Tapori group, we learn more things than at school. I feel happy because I have many friends. We learn good manners.

To feel better, we have to learn more manners. When someone speaks, we must listen.

If we want to speak, we must raise our hand. We must respect our friends.

We should have a big space for Tapori meetings.

TAPORI GROUP
PARLA, VENTILLA AND ENTREVÍAS
MADRID, SPAIN

The three Tapori groups in Madrid met to reflect on the injustices experienced in different places in society.

Each injustice was then placed on the heart or brain.

Living with bullying at school

Talking to a doctor that doesn't believe you and says you're lying.

The fact that museums are not free: you can't go with your family.

No one wants to play with you because you are a girl.

Seeing your parents in line for the food bank.

No one goes into your neighborhood because it's dirty.
