

# Activity: Celebrations

A vibrant, colorful poster for a 'Fiesta Party'. The word 'FIESTA' is written in large, bold, multi-colored letters. Other text includes 'Party' in orange, 'est la fête!' in purple, and 'Konn' in green. The background is decorated with colorful starburst patterns and confetti.

What party in your neighborhood does your family attend with others? Do you know people who do not participate and why?

Imaginez une fête où absolument tout le monde serait invité. Que fêteriez-vous? Créez ensemble une affiche pour inviter tout le quartier.

What if you imagined a celebration that brought the whole community together?

It would be a celebration of sharing, with singing, dancing and fellowship. A party where the whole community would bring their traditional dishes and we would share them. A party where everyone would bring their favorite instrument. We would sing and dance. Then we would get to know each other.

# THE TAPORI CHILDREN'S PARLIAMENT

“

The children had a party where everyone was invited, especially the children who have no friends. Baptism parties and Christmas parties bring people together, but often people forget about the children living on the streets.

That's why we went in search of them to share the joy and friendship of living together.

We dream of a better life, without any children in the street. They are our friends, our brothers and sisters. It is poverty that creates this division, we want zero children in the street. Nephtali
