

# ACTIVITY

## • GETTING STARTED •

Your group now has a compass to guide you along the way. Don't let it out of your sight! It shows you the four directions you have chosen together to fight against injustices.

If we, the Tapori friends, decide to set out to fight these injustices that we find unbearable, what do we need?

The first thing we need to walk is our feet. Sometimes in sandals, other times in shoes, boots, sneakers, even barefoot. But when we set out on a journey, we need different things: blessings, patience, courage, people, memories...

**Make sure you have all these things  
in your shoes/on your feet!**

### INDIVIDUALLY

- Make a silhouette of what "your feet or shoes" should look like, to start walking. Be sure to include elements that represent what you need to get going, in the form of drawings or written words.

### AS A GROUP

- "As a group, agree on what you want your feet or shoes to look like". From each of your individual elements, you will need to choose what is important to take with you, to start walking.

We also continue our alphabet book against injustices, this time with words that start with E, F, G, H, I.

**Have a great start!  
We'll see you in a bit with the next letter!**
